## PI-INNOVO CONGRATULATES ROUSH CLEANTECH FOR 1 BILLION MILES

**Plymouth, MI- June 17, 2019 -** Pi Innovo congratulates Roush Clean Technology for its deployment of the 20,000th propane autogas vehicle and have crossed the one billion miles milestone driven across the U.S. and Canada.

Roush Cleantech's propane autogas fuel system is engineered to California Air Resources Board's lowest ultra-low NOx standard of 0.02g, making it 90 percent cleaner than the strictest EPA standard. Vehicles with this engine are 99 percent cleaner than diesel vehicles built before 2007.

Pi innovo applauds vision-friendly organizations that foster and create greener technologies.
